For parents and teachers

This book has Year 2 English practice, following the learning standards of the Malaysian KSSR (2017 revision, aligned 3rd edition): phonics, listening and reading, speaking and writing.

How to use this book

- Say the sounds out loud together. In phonics, a letter's sound matters more than its name: "f" says /f/ as in fish.
- Many pages end with something to say or do with a friend or family member. English grows fastest when children use it.
- Answers on the writing lines are your child's own — there is no single right answer. Praise ideas first, then spelling.
- The stars at the bottom of every page are for your child to colour when they feel they can do it. Check Yourself at the end reviews the book.
